Advanced nutritional support for Grass-Affected horses, ponies & donkeys

In addition to chelated magnesium, chelated calcium and boron - specific amino acids and vitamins to address:

- * Skin sensitivity (twitchiness, girthiness)
- * Ear-shy, puffiness and swellings
- * Dragging their toes
- * Lack of energy
- * Aggressiveness
- * Dangerous behaviour
- * Head-flicking
- * Problems with movement
- * Hallucinating, spooking, claustrophobia.

Improves calmness and enhances trainability for better performance and a safer, more enjoyable ride.
